

## **Region 3 GPRA Baseline RCRA Corrective Action Facility**

# **Lancaster Metals Science Corp.**

826 North Queen Street  
Lancaster, PA 17603  
Congressional District 17  
EPA ID #: PAD980919005  
Last Updated 6/30/2005

## **Current Progress at the Site**

---

This facility, which was identified as one of EPA Region III's high priority RCRA corrective action sites, is a photochemical etching facility approximately one acre in size. In the September 2002, EPA completed an Environmental Indicator (EI) evaluation of the facility which determined that there is no current human exposure of concern or contaminated groundwater migration of concern at the facility. Based on this determination and other available information, no RCRA Corrective Action work at the facility is anticipated.

## **Site Responsibility**

---

Any potential RCRA Corrective Action activities at this facility would be conducted under the direction of EPA Region 3 with assistance from the State.

## **Institutional Controls**

---

None anticipated.

## **Government Contact**
